

OR Supply Carts

KTW's OR supply carts can be loaded from 1, 2 or 3 sides depending on the model selected. Fully modular in design they can be customized for a variety of specialties such as urology, visceral, anesthesia, and operating theatres. All supply carts are equipped with pairs of hooks/pins spaced at different intervals depending on the cart specified to accommodate different sizes of sterile consumable storage baskets. Single supply carts have 3 pairs of hooks/pins, double supply carts hold from 6 to 8 baskets on 2 sides. The DF2M4 supply carts can be loaded from both sides with 4 pairs on hooks/pins on each side, while the center of the cart holds up to 3 -1/2 StU baskets or containers on "L" shaped slides on 4.3" centers (110mm). Casters: carts have 3" (75mm) all swivel casters, all carts have 2 casters with full locking brakes.

Model	Sets of Hooks	Single/ Double	Capacity of Baskets	Hook Spacing	Width "/ mm	Depth "/ mm	Height "/ mm
MF3	3	Single	3	15.75" (400mm)	21.8" (555mm)	16.9" (430mm)	57.5" (1460mm)
DF3	2 x 3	Double	6	15.75" (400mm)	21.8" (555mm)	24.8" (630mm)	61.4" (1560mm)
DF4	2 x 4	Double	8	12.6" (320mm)	21.8" (555mm)	24.8" (630mm)	63.8" (1620mm)
DF2M4	2 x 4	Double	8 + 3 Containers	12.6" (320mm)	39.7" (1000mm)	21.8" (555mm)	63.8" (1620mm)
